**Summary of the grant:**

This grant aims to strengthen the organizational, managerial, and professional capacities of Handikos Ferizaj, with the goal of improving the quality, efficiency, and sustainability of services for persons with disabilities in the Municipality of Ferizaj and surrounding areas. The strategy focuses on developing human resources, enhancing internal management and governance, digitalizing processes, and building long-term partnerships with the public and private sectors.

The overall objective is to improve the quality of services by strengthening the organization’s capacities as a reference actor at the local and regional level. Specific objectives include: enhancing staff professionalism, increasing transparency and efficiency through standard procedures, establishing sustainable financial mechanisms, and deepening cooperation with the community and donors.

The strategy supports the organization’s main programs: early intervention, community-based services, advocacy and self-representation, as well as assistive devices.

Within 30 months, Handikos Ferizaj aims to operate with a more consolidated structure, better-prepared staff, and a more efficient management system, ensuring high-quality, sustainable services with long-term impact for persons with disabilities.
