Geographical scope:	Throughout Kosovo
Summary of the grant:	<p>This grant aims to promote the inclusion of persons with mental health disorders, persons with neurodivergence, and suicide survivors in daily life in Kosovo. As such, QIPS has built this aim on three pillars on which we intend to act: inclusion in policymaking, inclusion in the community, and inclusion in public services.</p> <p>During the implementation of the grant, the grant includes the realization of workshops with local groups to increase their capacities in relation to mental health, as well as the development of workshops and meetings with suicide survivors and psychiatric patients.</p> <p>The results of the grant will be increased inclusion of patients with mental health disorders and persons with suicidal thoughts in lawmaking, direct participation of patients in addressing their needs</p>

	within mental health services, as well as increased awareness and engagement of the community in the promotion of mental health.
