Geographical scope:	Kosova Wide
Summary of the grant:	<p>This institutional grant supports Teach for Kosova’s 2026–2028 strategy to strengthen civic participation and social cohesion through inclusive and participatory education. The grant mobilizes students, parents, Fellows, schools, and municipalities to actively contribute to school improvement, participatory governance, and local education policymaking across participating municipalities in Kosovo, while strengthening TFK’s organizational capacity for civic engagement and advocacy.</p> <p>Over 34 months, the grant will support inclusive Summer Schools for 300 children, structured parental consultations, training of 60 Fellows in participatory leadership and Human Rights-Based Approaches, development of 30 participatory School Development Plans, organization of 15 Civic Forums for Education, submission of policy recommendations to Municipal Education Directorates, and implementation of 15 community-led projects. Through these mechanisms, more than 1,000 citizens will be engaged in decision-making processes, strengthening accountability, inclusive dialogue, and sustainable collaboration between schools, communities, and local authorities.</p>
