Total budget of the grant (EUR):	39,180.00 EUR
Budget supported from EJA Kosovo program (EUR):	39,180.00 EUR
Target groups:	High School students
Geographical scope:	10 small municipalities around Kosovo.
Summary of the grant:	To increase the capacities of students and schools in addressing and improving the general situation of students in public high schools of Kosovo. Furthermore, high schools will network between each other so as to jointly advocate for pressing issues in the community or schools. This project has an all-round cycle targeting students and teachers in schools that through a constructive platform and formal debate will acquire the necessary means to incite local development as well as to address issues in the community. Activities of this project have been drafted in consultation with Ministry of Education, Science, Technology, and Innovation since our work is in harmonization with the Curriculum Framework of Pre-University Education of the Republic of Kosovo.
