Summary of the grant:	<p>NGO Dyvó is a Youth led Multidisciplinary Creative Platform with the objective of strengthening a community of solution-driven activists that work together in sharing information, designing wellbeing solutions and advocate for these solutions with local and national institutions.</p> <p>Our organization has tailored a grass-roots hands-on program to fulfill the missing gap created by theoretical knowledge and the lack of practical actions. In our 15 months program we will research, conceptualize ideas and implement projects to develop understanding and replicable solutions to real social and environmental challenges. Our aim is to provide an inclusive workshop space for informal and practical educational activities for youngsters in Kosovo. Through our program we will utilize youths' potential and transform it into active citizenship, so the benefit is expanded for the whole community, as well as for the public</p>
