Target groups:	Children with speech disorders
Geographical scope:	Municipality of Gjilan
Summary of the grant:	The objective of the project is to improve the overall well-being of children with speech disorders and their parents/primary caregivers. The project aims to achieve two specific objectives: 1) Academic advancement of children with speech difficulties through specialized speech therapy support; and 2) Strengthening the support network in school and family to achieve the full inclusion of children with speech difficulties. These objectives are intended to be achieved through the provision of specialized speech therapy services in "Musa Zajmi" and "Abaz Ajeti" elementary schools; creating a support network with parents of children with communication difficulties through regular meetings; capacity-building activities for teachers for early identification of children's speech and communication problems; advocacy activities at the local and national level to raise awareness of the importance of speech therapy services in schools and their sustainability for children's well-being and academic achievement.
