Summary of the intervention	The "Roof for Sape" project aims to mobilize as many volunteers as possible by creating houses for abandoned animals, promote volunteerism, encourage different groups of citizens to work together and, as a result, provide a better quality of life for abandoned animals.
Implementation Area and Target Group	Mitrovica and Zvecan. For the implementation of this project, there are no restrictions that would affect the non-inclusion of a certain group of citizens. All citizens of good will are more than welcome. However, the plan is to focus on the youth, younger population and citizens who already have experience in carpentry work, own their own machines and tools. To include representatives of the competent institutions and influence the local self-government to apply legal regulations on the protection of the environment and the living world.
