Budget supported from EJA Kosovo program (EUR):	9,358.00 €
Target groups:	Youth Students with disabilities Students from Roma, Egyptian, and Ashkali communities
Geographical scope:	Peja, Istog, Klina
Summary of the grant:	This project aims to install anti-discrimination practices in six schools in the municipalities of Peja, Istog, and Klina by cooperating with schools to include students of Roma, Egyptian, and Ashkali communities, and children with special needs in student councils. This is intended to be done through the following activities A1. Training sessions with school councils; A2. Training sessions with students; A3. Workshop with students, which will be attended by students from the minority communities and children with special needs; A4. Teacher capacity building in six schools; A5. Campaigns in schools; A6. Opening of mini exhibitions; A7. Supervision of the election of new student councils. The aimed project results are R1. Students, teachers, and the community are encouraged and aware of anti-discrimination processes in schools, combating prejudice and social exclusion, and R2. Students from non-majority communities and students with special needs are part of student councils at the class and school level, other working groups in schools, commissions, and other forms of representation in school structures during the school year 2022/2023.
