Annex 1:

BACKGROUND INFORMATION OF THE CITIZEN ENGAGEMENT ACTIVITY

The Citizen Engagement Activity (hereinafter referred to as “the Activity”) is a five-year initiative (2021-2026) supported by the United States Agency for International Development (USAID) and implemented by the Kosovar Civil Society Foundation (KCSF), in cooperation with several domestic and international organizations.

The overall goal of the Activity is to foster a culture of citizen-driven, grassroots activism in Kosovo that leads to improved communities and enhanced quality of life for the people of Kosovo. To support this, the Activity will energize a base of community activists, build a robust and trustworthy civil society, expand cooperation and partnerships across sectors, increase government involvement and accountability, and diversify and mobilize resources both domestically and abroad to create change.

The Activity is looking to expand cooperation and partnership across sectors involves direct contributions such as the establishment of the philanthropy forum and initiatives for community cooperation presented below. Moreover, we aim to support this important objective of the program by providing partnership grants, an instrument to support collaboration among sectors for joint initiatives as a tool for supporting the collaborative multi-sector efforts over isolated and individual approaches.

Areas of focus:

1. Energize community activism, strengthen civil society links to constituencies and increase demand for accountability. The intervention seeks to combine strong citizen-led activism and investment as a potent catalyst for change.

2. Establish cross-sectoral partnerships and increase trust between CSOs, citizens, private sector, and public institutions. The intervention seeks to build cross-sectoral cooperation that convenes representatives from multiple sectors to work together on solutions to citizen-identified problems and acknowledging businesses’ potential role in promoting philanthropic endeavors for the public good.

3. Utilize the developed capacities of CSOs and enable regulatory environment to mobilize alternative domestic and diaspora resources. The intervention seeks to increase access to resources both domestically and abroad - financial, human, and material to make it easier for communities to receive the support they need to create change.
Annex 2:

MORE INFORMATION ON THE PARTNERSHIP GRANTS

i. Purpose of funding

The funding opportunity seeks to contribute to the improvement of cross-sectoral cooperation and partnership between civil society and the private sector. As such, the proposal must be in partnership with at least one partner from the private sector other than NGOs. The total number of partners involved is not limited. Partnerships with the diaspora private sector will be considered an advantage. These grants will co-finance joint initiatives between sectors that aim to:

- Establish cross-sectoral partnership or
- Advance existing cross-sectoral partnership, including partnerships that derive from the Philanthropy Forums and Initiatives for Community Cooperation facilitated by “The Activity.”

As such, this call invites applications that engage different sectors in joint work, thus supporting multi-sectoral partnerships, rather than fragmented and individual approaches. To ensure systemic partnership, the proposed implementing partners should be closely involved in all phases starting from the identification of the proposed intervention, its design and implementation. This process should be clearly presented in the application.

ii. Grant size and cost sharing

The maximum amount of financing for this call is EUR 7,300 and the requested budget should not exceed 80% of the total needed budget. The remaining part (minimum 20% of the total budget) should be co-financed by the private sector or the community. In-kind contributions are encouraged but will not be considered co-financing.

Funds are to be used only for costs directly related to the proposed grant activities. Applicants hold full responsibility for the correctness and accuracy of the proposed budget including arithmetical errors, inaccuracies, unrealistic costs, and ineligible costs.

iii. Number of applications

Lead applicants can submit and be included in only one application.

iv. Timeframe

The implementation of the project should not exceed 12 months.

v. Targeted beneficiaries

The final beneficiaries of the proposed intervention should be citizens of the community where the intervention will be implemented or the country in general. For the principal beneficiaries’/target groups, equal gender participation should be targeted. Whenever possible, a similar approach should
be followed also for the inclusion of other under-represented and marginalized groups (minorities, women, youth, elderly, people with disabilities, LGBTI, etc.).
