Direct Beneficiary:	Target group: Representatives of villages and Municipal officials. Final beneficiaries: Citizens of Klina Municipality.
Partners (if applicable):	N/A
Target Area:	Territory of Klina Municipality
Overall Objective:	The overall objective of the project is to inform the citizens, through the active citizenry, with regard to decision-making process in the Municipality, in order to have public policies based on the needs and requests presented by the side of the citizens.
Activities:	<ol style="list-style-type: none"> 1. Monitoring the Municipality and publishing a report with regard to public's participation in the decision-making process; 2. Direct contribution in raising the public participation in the decision making process; 3. Assessment of the implementation of investment priorities presented by the citizens.
Results:	The engagement of various groups in the implementation of the project will be followed by other engagements of the implementing organization, and the engagement by the side of active citizens. Citizens will be constantly informed with regard to their possibilities of being part of public policies and, in the same time, an organized group of citizens will continue to represent the public interest. All this will serve to the Municipality as a platform which will be founded directly upon the ideas and needs of the citizens over capital investments, and it will also serve as a facilitator for the public in advocating for their interest. In this sense, decisions taken by the Municipality will be more acceptable and more inclusive. The publication of investment priorities will facilitate the possibility of the citizens to address their requests, and for the Municipality to plan projects and benefit from potential donors, especially in the fields considered to be emergent.
