<b>Summary of the grant:</b>	<p>Fondacioni Lumbardhi, through its strategic plan, aims to establish itself as a relevant actor in promoting a democratic public sphere by engaging communities in the production of local knowledge, improving the governance of cultural infrastructure and promoting social inclusion through the cultural program. During this cycle, through the implementation of cultural programs, advancement of research work, and collaborations with cultural organizations, as well as educational institutions, Lumbardhi seeks to enhance engagement with artistic communities, deepen local community involvement, and develop an ecology of knowledge, in order to build sustainable and long-term spaces for their interaction. Key strategic objectives will remain the strengthening of the sustainability and autonomy of Lumbardhi Foundation, as well as the successful advocacy for the transformation of Kino Lumbardhi into public property with long-term use, recognized as a cultural heritage asset. The organization's primary focus will remain in Prizren, but it will also engage on a national and international level through specific segments of its implementation.</p>
